

Learning Preview Reception
Autumn Term 1

Belonging and Communities

How our learning will link to our children's lives, interests and experiences

The children will be learning about the rules at school, which enable them to have a positive contribution to the school and the wider community.

The children will be talking about their own families and communities. We will also be learning about the wider British community and its values. This enables the children to develop a sense of belonging.

How our learning will link to the wider world

We will be learning about the United Kingdom and the countries within it, as well as the Monarchy.

We will be learning about and celebrating different cultural festivals from around the world.
