## Walk to School Week - 15<sup>th</sup> to 19<sup>th</sup> May

### & Clean Air Day 15<sup>th</sup> June

As part of our Active Travel policy we are supporting Walk to School Week again this year.

Walking to school makes children feel healthier and happier, while reducing congestion and pollution outside the school gates. So why not swap the car journey to a walk? If you live a distance away, set off a little earlier, park up safely and walk the last 5 minutes to school.

15 June 2023

Every year, air pollution causes up to 36,000 deaths in the UK. The World Health Organisation and the UK Government recognise that air pollution is the largest environmental health risk we face today.
